### **Bibliography and Resource List**

The following list of resources includes books, articles, reports, toolkits, websites, and films that provide information on women's human rights. Readers can use this bibliography to raise awareness of research and advocacy already happening as well as help organizations develop their own knowledge and actions as they plan for the 60<sup>th</sup> anniversary of the Universal Declaration of Human Rights. Please note that this is not an exhaustive list of all available materials, and any suggestions you are able to offer regarding additional resources are welcomed.<sup>1</sup> This bibliography is focused more on information at the international or regional level, but most of the reports and toolkits included contain their own bibliographies which lead to more specific information on a certain topic or demographic. Please note that this bibliography primarily contains resources specific to the 2008 Every Human Has Rights Campaign theme for the month of March which focuses on women's human rights. If you have any questions or need further assistance finding additional resources, please contact CWGL at [16days@cwgl.rutgers.edu](mailto:16days@cwgl.rutgers.edu)
